Youth Panel Contest
Canadian Aboriginal Minerals Association (CAMA)
20th Anniversary Conference
November 18-20, 2012 – Sheraton Centre Hotel, Toronto

Teck invites you to apply for an exciting opportunity to win one of three spots to participate on the Youth Panel at the CAMA Conference Community Gems, Faceted Outcomes. Contest winners will receive an all-expenses paid trip to attend the conference and participate as panelists.

CAMA Youth Panel
The Youth Panel is one of the highlights of the conference. It brings together Aboriginal youth from across Canada to share their experiences and insights on topics such as mining, education, career development, and sustainability. Panelists will discuss some of the biggest issues facing Aboriginal youth, communities, and the mining industry as we work towards a sustainable future. This year the panel will focus on Sustainability and Mining.

Sustainability and Mining
Mining companies often work within the traditional territories of Aboriginal peoples. Many Aboriginal communities support the concept of mining that is socially and environmentally sustainable. Although there is a growing trend towards more sustainable mining, there are still numerous challenges to overcome. The youth panel will discuss some of these challenges and the importance of sustainable mining to their communities. They will also offer suggestions as to how mining companies and Aboriginal communities can work together to make mining more sustainable.

How to Apply

Please submit the following in order to be eligible for the contest:

(a) Application Form
(b) Up-to-date Resume or Short Bio
(c) Artistic Piece: Video, Visual Art, or Written (see below for guidelines)

Your artistic piece should revolve around the theme Sustainability and Mining. Although you are welcome to take any direction you would like for your response, you could consider the following:

- Can mining be sustainable? What would sustainable mining look like?
- How important is sustainable mining in your community?
- How could industry make mining more sustainable?
- Mining requires a significant amount of water. Are there creative solutions for addressing this?

Guidelines for your Artistic Piece

Please include one of the following in your application:

- **Video** – Maximum of 3 minutes in length. Please upload your video to YouTube and ensure it is tagged “CAMAYouthPanelContest2012.”
- **Visual Art** – Please submit a few pictures of your artistic piece and a brief description (150 words or less) about how your art links to Sustainability and Mining. Winning contestants will be required to bring their original art to the conference; therefore, the art must be easily transportable.
- **Written Essay** – Please include a written essay that is a maximum of 600 words in length in your application. If possible, save file in PDF format.

Eligibility Requirements

- Applicants must be 19 years of age or older and of Aboriginal decent (Inuit, Métis, First Nation)
- Applicants must have the ability to travel independently to and from the conference in Toronto

Please note that due to the number of entries received, applications cannot be returned.

Send your completed application by email or mail to Andrea Kennedy at Teck Resources Limited.

Applications will be accepted until Monday, September 24th, 2012. Winners will be announced during the second week of October 2012.
