You’re invited to the Kick-Off of the:
saveONenergy
ABORIGINAL CONSERVATION PROGRAM

Monday, January 28, 12:00-2:30 pm at the Native Canadian Centre of Toronto

The Ontario Power Authority, First Nations Engineering Services Ltd. and The Abor Group are pleased to introduce the ABORIGINAL CONSERVATION PROGRAM. This program is specifically designed to assist Aboriginal communities across Ontario with the implementation of electricity conservation and demand management measures by engaging communities and providing conservation initiatives to meet local community needs.

By participating in the ABORIGINAL CONSERVATION PROGRAM, communities can demonstrate their commitment to electricity conservation and:

- Save on their energy bill with the free provision and installation of energy-efficient measures
- Increase energy efficiency to help make homes and offices more comfortable
- Participate in conservation events and workshops

Join us on Monday, January 28th, 2013 when accomplished broadcaster Carla Robinson hosts a program kick-off event to provide more program details. The event begins at 12:00 pm at the Native Canadian Centre of Toronto, 16 Spadina Road, Toronto.

If you are not able to attend the kick-off in person, you can also participate via webinar:
