If you are a Métis youth between the ages of 15 to 29, we invite you to a community session to share your insights and experiences! We would like to hear about your experiences as a Métis youth in high school, post-secondary school and in finding employment.

This is a great opportunity to meet other Métis youth, learn about your community, hear about the resources that are available and provide recommendations that will help other youth along their path!

Some highlights you can expect from the session include cultural activities, learning to jig, networking with education and employment resource people and so much more!

Giveaways, lunch and snacks will be provided.

Please RSVP as soon as possible
