Happy New Year

We can look back at 2017 with great satisfaction. The MNO signed ground-breaking agreements with Canada while continuing to build on our strong relationship with Ontario. Our young voyageurs showed true Métis spirit by travelling across the province and to our communities during the MNO Canoe Expedition.

The MNO Commission on Métis Rights and Self-Government met with thousands of citizens across the province to hear their vision for a wonderful future for the Métis in Ontario.

In 2018, the MNO will be celebrating its silver anniversary and we will both recognize the accomplishments of the last 25 years while continuing the work of our founders to build a stronger Métis Nation.

While much work remains, we can be optimistic the MNO is moving forward to a time when Métis can finally take their place within Confederation.

May your year be filled with good health, great happiness and many successes!
