MÉTIS NATION OF ONTARIO
STATEMENT OF PRIME PURPOSE

Where We Got Our Name

“The paternal ancestors of the Métis were the former employees of the Hudson Bay Northwest Fur Companies, and their maternal ancestors were Indian women of the various tribes.

The French word “Métis” is derived from the Latin participle mixtus, which means “mixed,” in French “mêle”; it expresses well the idea that is sought to be conveyed.

However appropriate the corresponding English expression “Halfbreed” might have been for the first generation of the mixture of blood, now that European blood and Indian blood are mixed in every degree, it is no longer general enough.

The French word “Métis” expresses the idea of this mixture in the most satisfactory manner possible, and thus becomes a proper race name. Why should we care to what degree exactly of mixture we possess European blood and Indian blood? If we feel ever so little gratitude and filial love toward one or the other, do they not constrain us to say: “WE ARE MÉTIS!”

— Louis Riel, 1885

Who We are as a People

We, the Métis are a people of the lands, which gave rise to our history and tradition and culture.

We call those lands the Métis Homelands. The Homelands stretch from the lakes and rivers of Ontario; cross the wide prairies, traverse the mountains into British Columbia and into the northern reaches of the Northwest Territories. They include the hills and valleys of the north-central American States.

These are our lands. They are Métis lands. They are the lands of our past which nurture us today and which we value as the precious foundation of our future.

As Métis who live in the Homelands, we hold it to be a fundamental truth that we are one of the Aboriginal peoples of the Americas.

The Métis Nation continues today to be the embodiment of our past, the source of sustenance for our present while giving rise to our hopes and aspirations for the future.

We are a Nation, born of independence, and self-sufficiency whose teachings are founded on the values of honesty and truth. We are proud of our rich heritage. We are inspired by the values and traditions of our ancestors. The strength of our society is based on democracy, freedom, fairness, equality, generosity, justice and the customary and written law of our people. Above all, we cherish harmony and peace.

As Aboriginal people we hold sacred the rights of the individual and of the collective. We have respect for each other, for the land and for the animal and plant life that surrounds us. We are people who honour and respect the family, our elders who hold the key to the past, and our children, who are our future.

Guided by our spiritual values we aspire to attain our highest potential.

Now Therefore We Declare as Follows:

We, the Métis Nation, are a distinct Nation among the Aboriginal peoples in Canada and as such our Aboriginal and treaty rights are recognized and affirmed under Section 35 of the Constitution Act, 1982.

We, the Métis Nation, have the inherent right of self-determination and self-government.

We, the Métis who live within the Métis Homelands of Ontario, desiring to bind our people together to collectively promote our common cultural, social, political, and economic well-being, have founded the Métis Nation of Ontario, to be our representative body with the following aims and objectives:
• To research, publish and promote the genealogical documentation of the Métis, and to establish and maintain a registry of the Métis citizens of Ontario.
• To establish democratic institutions based on our inherent right of self-government.
• To encourage the full participation of all Métis in the Métis Nation.
• To promote and foster community development.
• To re-establish land and resource bases.
• To develop prosperity and economic self-sufficiency within the Métis Nation.
• To provide care and support necessary to meet the fundamental needs of the citizens of the Métis Nation.
• To promote the improved health and wellness of the individual, the family and the whole Métis community.
• To establish effective means of communication for the Métis Nation.
• To encourage academic and skills development and to enable citizens of the Métis Nation to attain their educational aspirations.
• To promote the history, values, culture, languages and traditions of the Métis Nation and to create an awareness of our proud heritage.
• To promote Métis artistic and cultural achievement.
• To ensure that Métis can exercise their Aboriginal and Treaty rights and freedoms and in so doing, act in a spirit of cooperation with other Aboriginal and non-Aboriginal people.
• To establish good relations and maintain our historic alliances with all Aboriginal peoples for the pursuit of our common interests and goals.
• To continue our affiliation with the Métis National Council for the representation of the interests of the Métis Nation in Ontario at the National and International levels.
• To gain the recognition and respect of the Métis as a Nation and a people;
• To protect and preserve the land sand waters within our homelands for future generations.
THE 2016-20 PROVISIONAL COUNCIL OF THE MÉTIS NATION OF ONTARIO: (front, left to right) Senator Ray Bergie, Region 1 Councilor Cam Burgess, Senator Verna Brunelle-Porter, Senator Rene Gravelle, Region 9 Councilor Peter Rivers (back, left to right) Youth Representative Mitch Case, Region 4 Councilor Ernest Gatien, Region 7 Councilor Pauline Richardson, Secretary-Treasurer Tim Pile, Region 3 Councilor Marcel Lafrance, Chair France Picotte, President Margaret Froh, Region 5 Councilor Dan Boulard and Region 1 Councilor Theresa Stenlund. (Missing from photo) Region 6 Councilor Tom Thompson, Region 9 Councilor Anita Tucker and Post-Secondary Representative Katelyn LaCroix.
MESSAGE FROM THE
PROVISONAL COUNCIL OF
THE MÉTIS NATION OF ONTARIO

We are pleased to present this report to the Citizens of the Métis Nation of Ontario (MNO) and to our many partners across Ontario. This report provides highlights of the advances made over the course of the last fiscal year which covers the period of April 1, 2017 to March 31, 2018 and includes a few key updates from early in the new fiscal year.

This was a landmark year for the MNO as we entered our 25th year since the founding of the MNO in 1993. Part of reaching this milestone is looking back and reflecting on the many accomplishments achieved by all the citizens, communities and the elected leadership at every level that came together to advance the rights and recognition of Métis in Ontario. Over the last 25 years we have maintained our focus on the principles and priorities set out in the MNO Statement of Prime Purpose and this continues to generate results.

This year we signed the historic MNO-Canada-Ontario Framework Agreement for Advancing Reconciliation as well as the MNO-Canada Agreement on Advancing Reconciliation with the Northwestern Ontario Métis Community. These agreements move us ever closer to our collective goal of Métis rights and self-government in Ontario. While we celebrate where we are today we know this path has not been easy and that our families, communities and future generations are counting on all of us.

The infrastructure that MNO has built over the last 25 years in all 30 of our communities across Ontario continues to make a difference in the lives of Métis people. While we celebrate the many achievements that are detailed in this report we know that this has only been accomplished by all of us working together.

We would like to extend a sincere thank you to the staff, to the elected leadership and to all MNO citizens for their many contributions.

Marsi,
The Provisional Council of the Métis Nation of Ontario
The MNO maintains in Ottawa, the only provincial registry for Métis recognized by the governments of Ontario and Canada. An independent registrar assesses applications and authorizes citizenship when applicants meet the citizenship criteria set out in the MNO Policy and MNO Bylaws adopted by the MNO in 2008.

Through the administration of its own registry, the MNO exercises the Métis Nation’s fundamental right of self-determination by establishing its own citizenship based on the international principles of self-identification and community acceptance.

In 2009, the Provisional Council of the Métis Nation of Ontario (PCMNO) developed an Interim Registry policy to provide the Registry with clarity to the principles of how the adopted definition of Métis should be applied. The policy was extensively reviewed at a series of community consultations and in August 2014, the policy was formally adopted by special resolution at the 21st MNO Annual General Assembly (AGA).

The rigorous application process serves to affirm the credibility and integrity of the MNO’s Registry and that the MNO as a government represents the collective interests of Section 35 rights holders.
Métis were included as one of the three recognized Indigenous people in Section 35 of the Constitution Act, 1982. On September 19, 2003, the Supreme Court of Canada in the R v Powley decision affirmed and recognized the Section 35 rights of Métis. Specifically, the Court set out the test for establishing Métis harvesting rights protected by Section 35 of the Constitution Act, 1982.

The final decision on Daniels v Canada came down from the Supreme Court on April 14, 2016. The Supreme Court declared that Métis are in section 91(24) of the Constitution Act, 1867, and affirmed that the federal Crown owes a fiduciary duty to Métis; and that Métis have the right to be consulted and negotiated with, in good faith, by the federal government on a collective basis through representatives of their choice.

The Daniels decision was closely followed by the release of the report of the Minister’s Special Representative on Reconciliation with Métis: Section 35 Métis Rights or Isaac Report in July 2016, which provided further impetus for the federal government beginning to take action on longstanding Métis rights and self-government issues.

Daniels and Isaac provided the foundation for discussions with the federal government and that led to the signing of a Memorandum of Understanding on Advancing Reconciliation between the MNO and Canada in February 2017. This set the stage for further discussions that led to the signing in December 2017 of the MNO-Canada-Ontario Framework Agreement for Advancing Reconciliation.

This Framework Agreement established a process for ongoing negotiations about developing a government-to-government relationship between the Crown and the MNO. It also identified areas of mutual interest and key topics for future negotiations, such as Métis self-government, health, housing, education and a tripartite consultation protocol.

In preparation for these negotiations, in August 2016, the MNO launched the MNO Commission on Métis Rights and Self-Government and released its final report in May 2018 and in October 2017 launched the Registry and Self-Government Readiness Project. More information on both of these initiatives can be found in the PCMNO section of this annual report.
The Métis Nation of Ontario (MNO) Annual General Assembly (AGA) is Métis self-government in action. Every year, representatives from Métis communities in Ontario and other MNO citizens gather to make their voices heard, review the success of the previous year and set a direction for the next year.

The 24th AGA was held August 19-21, 2017, in Kenora, Ont. The AGA was only possible because of the hours of hard work from the regional community councils and the Provisional Council of Métis Nation of Ontario (PCMNO) Regional Councilor. The Region 1 Community Councils: the MNO Kenora, Sunset Country, Atikokan and Area and Northwest Métis Councils all contributed time and resources to make the 2017 AGA successful and PCMNO Region 1 Councilor Theresa Stenlund was involved in all the planning and work from the very beginning. They made sure that everyone at the 2017 AGA was well taken care of!

The AGA featured productive and informative sessions on historic Métis communities and the Métis Root Ancestors Project and ten resolutions were passed to guide the MNO’s leadership for the upcoming year. As always, Métis culture was highlighted throughout the AGA and Métis youth, veterans, women and Senators played important roles.
In 1993, The Métis Nation of Ontario (MNO) was established through the will of Métis people and historic Métis communities coming together to create a Métis-specific governance structure. MNO citizens exercise their collective right to self-government through a governance structure that continues to evolve as the MNO moves forward in the implementation of Métis self-government. A series of documents, which include the MNO Statement of Prime Purpose, MNO bylaws, the MNO Secretariat Act, 2015, MNO community council charter agreements, MNO Interim Harvesting Policy, MNO Electoral Code and the Métis Nation Rules of Order, which are supported by the policies and procedures adopted and implemented by the MNO, guide the work of the MNO. Every four years MNO citizens have the opportunity to choose their provincial leadership by voting in province-wide ballot box elections. Community councils have been chartered throughout the province. The councils get their mandate to support local governance from the MNO through signed community charter agreements, and work collaboratively with the MNO and other community councils to represent the collective rights and interests of Métis citizens throughout the province.

As the only recognized provincial Métis governance structure in Ontario, the MNO advanced the Métis rights agenda nationally through the precedent-setting Powley case. The MNO has established bilateral and tripartite processes with the federal and provincial governments and in November, 2008 signed an Ontario-Métis Nation Framework Agreement with the Government of Ontario, which was renewed in 2014. In 2017, the MNO, Canada and Ontario signed the MNO-Canada-Ontario Framework Agreement for Advancing Reconciliation and the MNO-Canada Agreement on Advancing Reconciliation with the Northwestern Ontario Métis Community.

The Métis Nation of Ontario (MNO) is governed by the Provisional Council of the Métis Nation of Ontario (PCMNO). The executive members of the PCMNO are the president, chair, vice-chair, secretary/treasurer, and executive senator. Nine regional councilors, a provincial youth representative, a post-secondary representative and three senators also sit on the PCMNO. The PCMNO takes its direction from and is required to report to its citizens at general assemblies, which are held once a year, usually in August.

The structure of the PCMNO ensures that community and regional interests are represented, as well as other demographic segments like youth, women and senators. Province-wide ballot box elections are held every four years pursuant to the MNO Electoral Code Part A. The most recent MNO general election was held in May 2016. The terms of the current PCMNO members run until May 2020. The only exception is the senators who are elected at MNO AGAs every four years from among the community council and honourary senators. The current PCMNO Senators were elected at the 2016 MNO AGA and their terms run until the 2020 AGA.

1. **MNO-Canada-Ontario Framework Agreement for Advancing Reconciliation**: Signed in December 2017, this agreement establishes a process for discussions about developing a government-to-government relationship between the Crown and the Métis Nation of Ontario. It also identifies areas of mutual interest and key topics for future negotiations, such as Métis self-government, health, housing, education and a tripartite consultation protocol.

2. **MNO-Canada Agreement on Advancing Reconciliation with the Northwestern Ontario Métis Community**: Signed in December 2017, the Northwestern Ontario Métis community was represented by the Region 1 MNO chartered community councils and PCMNO Region 1 Councilor Theresa Stenlund. In the agreement Canada and the MNO agree to advance reconciliation to settle any outstanding claims of the Northwestern Métis community including Métis collective claims relating to the Treaty 3 Adhesion of 1875.

3. **MNO Commission on Métis Rights and Self-Government engagement sessions**: From February through May 2017, the MNO Commission on Métis Rights and Self-Government met with over 1,400 MNO citizens in 32 engagement sessions reaching every MNO community as well as the MNO Youth, Women’s and Veterans’ Councils. The engagement sessions focused on Métis governance; Métis identity, culture and community; Harvesting; and Métis self-government. The final report was released in May 2018 and is available on the MNO website.

4. **Métis historic communities identified**: In August 2017, the MNO working collaboratively with Ontario identified seven historic Métis communities that meet the legal requirements for establishing Métis rights protected by section 35 of the Constitution Act, 1982.

5. **Ontario Métis Root Ancestors Project**: In keeping with direction from past AGAs, in August 2017, the MNO released nearly 100 Ontario Métis root ancestor documents. Each document focuses on a Métis family from a historic Métis community and includes genealogy charts and copies of key documents such as census records, birth or baptismal records that demonstrate the family’s connection to root Métis ancestors. These documents make it easier for individuals to identify their Métis ancestors as part of the MNO citizenship process.

6. **MNO Registry and Self-Government Readiness Process (RSRP)**: In October 2017, the PCMNO initiated a review of all MNO Registry citizenship files in order to prepare for the issuance of new MNO Citizenship Cards that will verify each new card-holder as a member of a rights-bearing Métis community and a Métis rights-holder under section 35 of the Constitution Act, 1982. The RSRP is being undertaken by the MNO to prepare for formal self-government and rights related negotiations with Canada and Ontario.

7. **MNO-Ontario Framework Agreement on Harvesting**: This agreement was signed in May 2018 and unlike the 2004 MNO-MNRF interim agreement that it replaced, it does not include a cap on the number of Harvester Cards that can be issued by the MNO. The new Framework Agreement confirms that MNO citizens who are issued a Harvesters Card must meet the criteria set out in the MNO Harvesting Policy, which is consistent with the Supreme Court of Canada’s criteria for the identification of Métis rights-holders in R. v. Powley.

Métis Nation of Ontario (MNO) citizens volunteer thousands of hours every year to support the work of chartered MNO community councils. The members of MNO community councils play a crucial role in the fight for Métis rights and in promoting Métis culture and traditions.

MNO charter agreements give councils the mandate to govern, while ensuring accountability, transparency and consistency. The MNO charter agreements along with the Community Code and the Community Electoral Code are the policy documents that guide MNO community councils when holding elections.

In 2017-18, a new interim council was started; the MNO Thames Bluewater Métis Council was established in London and area.
Since its inception, the Métis Nation of Ontario (MNO) has focused its efforts on building Métis-specific governance structures that will facilitate the self-government aspirations of Ontario Métis. In 2008-2009, the MNO added a new dimension to Métis governance, called Regional Consultation Protocols. These agreements advance the MNO’s overall nation-building efforts and help ensure the Crown fulfills its duty to consult and accommodate regional rights-bearing Métis communities throughout the province.

The overarching goal of the protocols is to ensure that all MNO citizens who are members of regional rights-bearing communities have an opportunity to be consulted on policies, plans, projects and developments that have the potential to impact the collective rights and interests of the Métis. Each protocol includes a regional consultation committee comprised of the Provisional Council of the Métis Nation of Ontario (PCMNO) regional councillor for that area and a representative from each community council within the region.
The annual harvest is integral to the Métis Way of Life. Since it began issuing Harvester’s certificates in 1995, the Métis Nation of Ontario (MNO) Harvesting Policy has helped to facilitate the annual Métis harvest by allowing MNO citizens to exercise their right to harvest in a structured and responsible manner. It outlines the MNO’s conservation values, the requirements for a Harvester’s certificate and the role of the Captains of the Hunt in responsible co-management of the harvest.

The existence of Métis rights, including the right to harvest, was affirmed by the Supreme Court of Canada in the September, 2003 R v. Powley decision. Ontario was the first jurisdiction in the Métis Homeland to successfully complete negotiations on Métis harvesting. An interim agreement between the MNO and the Ontario Ministry of Natural Resources (MNR), which recognized the MNO’s existing harvest card system was reached in 2004.

The 2004 agreement limited the MNO to issuing 1,500 Harvester’s certificates but the MNO was able to negotiate to have this number increased to 1,750 in 2013.

Since the signing of the interim harvest agreement the MNO has been almost continuously in negotiation with the Ministry of Natural Resources and Forestry (MNRF) about obtaining a permanent harvest agreement. As part of that process in 2017-18, the MNO completed an independent review of its Harvester Card system that confirmed the MNO has a reliable system to identify Métis rights holders. The completion of the independent review led to the signing of the MNO-Ontario Framework Agreement on Métis Harvesting in May 2018 that replaced the 2004 agreement. Unlike the 2004 agreement, the new Framework Agreement does not include a limit on the number of Harvester certificates the MNO can issue. While other issues remain to be resolved, the removal of the limit was definitely a positive step.

The Captains of the Hunt

The Captains of the Hunt (COTH) play an integral role in the management of the Métis harvest in Ontario. One COTH is assigned to each of the MNO’s nine regions within Ontario and is mandated by the MNO to have full authority over the Métis harvest in the traditional harvest territories within that region. The COTH acts as a direct line of communication between Harvesters and the MNO and MNRF. They help manage the annual harvest in concert with the province of Ontario, support the implementation of the MNO Harvesting Policy and determine the appropriate management of the harvest in their respective regions. The COTH also acts as a liaison between Harvesters and the MNO in situations where charges have been filed.

The COTH also support the Annual Harvester’s survey and help to gather information on the number, species and location of animals taken by MNO Harvester’s certificate holders.
Highly respected for their knowledge, values and experience, Senators play an important role at Métis community events and meetings, and help keep Métis culture alive by sharing Métis traditions and Way of Life. One Senator is elected at the community level to sit on the community council executive. Every four years, four Senators from across the province are elected by all the other Senators at an MNO Annual General Assembly (AGA) to sit on the Provisional Council of the Métis Nation of Ontario (PCMNO). One of the four PCMNO Senators is chosen by the group of four to sit as the Executive Senator. The last election for the PCMNO Senator positions was held at the 2016 MNO AGA. The term of the current PCMNO Senators expires at the 2020 AGA.

As the MNO grows, the requests for Senators to attend events to lead opening or closing prayers or to talk about Métis history and culture are also growing. Our Senators continue to soldier on with these increasing demands on their time and the whole MNO is grateful for their dedication.

The Métis Nation of Ontario (MNO) Women’s Council is comprised of Métis women from Ontario who are committed to promoting women’s issues and advocating on their behalf within the MNO community. The MNO Women’s Council also advises the Provisional Council of the Métis Nation of Ontario (PCMNO) on matters pertaining to women and works with community councils, Indigenous boards, government bodies and women’s groups to assist Métis people with issues of concern specific to women. This work includes policy development and review, coordination, consultation and education. The main goal of the MNO Women’s Council is to encourage the full participation of all women within the MNO in helping to build a strong and healthy nation.

The MNO Women’s Council works with the Women of the Métis Nation.

The MNO Women’s Council consists of the Spokesperson and nine regional representatives.
The Métis Nation of Ontario (MNO) Veterans’ Council is a chartered council of the MNO established in 2001 to represent the interest of MNO veterans. The MNO Veteran Council’s structure was formalized at the 2009 Annual General Assembly (AGA) in Sudbury with the election of an executive. Elections for the executive position on the MNO Veterans’ Council are held every four years in conjunction with general MNO elections. The most recent election was held in May 2016. The terms of office of the current executive expire in May 2020.

The MNO Youth Council consists of nine regional representatives who are elected in the MNO provincial ballot box elections held every four years. This election was held in May 2016 with the terms of the current MNO Youth Council members running until May 2020.

In addition to the MNO Youth Council, MNO youth are also represented by the PCMNO Youth Representative, who holds a voting seat on the PCMNO. The MNO Youth Council and PCMNO youth representative bring forth the voices of the regional youth representatives and local community youth representatives at the provincial level. Each region has a regional youth representative and each MNO community council has a position for a local youth representative who promotes youth initiatives, works directly with the MNO Youth Council and represents the voice of MNO youth in his or her area.

The Métis Nation of Ontario (MNO) Youth Council has the mandate to identify issues impacting Métis youth and to work within the Provisional Council of the Métis Nation of Ontario (PCMNO) to ensure these issues are addressed. The MNO Youth Council consists of nine regional representatives who are elected in the MNO provincial ballot box elections held every four years. This election was held in May 2016 with the terms of the current MNO Youth Council members running until May 2020.

In addition to the MNO Youth Council, MNO youth are also represented by the PCMNO Youth Representative, who holds a voting seat on the PCMNO. The MNO Youth Council and PCMNO youth representative bring forth the voices of the regional youth representatives and local community youth representatives at the provincial level. Each region has a regional youth representative and each MNO community council has a position for a local youth representative who promotes youth initiatives, works directly with the MNO Youth Council and represents the voice of MNO youth in his or her area.
The Métis are a people whose legitimacy is established by history, territory, language, custom, values and law. The MNO asserts its position as a government and strives to work on a government to government basis with other Indigenous and non-Indigenous governments.

The Métis National Council

The Métis Nation of Ontario (MNO) is a governing member of the Métis National Council (MNC), along with the Manitoba Metis Federation, the Métis Nation Saskatchewan, the Métis Nation of Alberta and the Métis Nation British Columbia. The MNO President sits on the six-member MNC Board of Governors with the president of each of the governing members and the MNC President. The MNC President is elected by the MNC’s general assembly. In addition, the MNO, in collaboration with other governing members, participates within the Métis Nation Cabinet, the MNC’s general assembly, and the MNC’s secretariats as well as national working groups and committees.

On April 13, 2017 the MNO was a signatory to the Métis Nation-Canada Accord which set up a permanent bilateral process for a new relationship between the Crown and the Métis Nation based on recognition, rights and respect. The Accord also focuses on working collaboratively with the federal government on key sectoral priorities such as health, housing, education, child and family services, skills development and others.
To carry out the work outlined in the Statement of Prime Purpose, the MNO established a province-wide infrastructure to deliver and manage programs and services for Métis people in Ontario. Directed through seven branches, the MNO employs 200+ people located in 32 offices in Ontario.
Last Year...

18 Métis Youth paddled 2200 kilometers visiting over 18 Métis communities along the way.
The Métis Nation of Ontario (MNO) Education and Training branch is driven by the priorities of the MNO’s Statement of Prime Purpose and is committed to the goal of healthy, thriving individuals, families and communities. MNO Education and Training offers a full range of skills development, employment and educational initiatives to Métis people across Ontario.

In 2017-18, the MNO increased industry partnerships, educational outreach capacity, Métis community engagement opportunities and have implemented a number of new programs and services to support Métis education and employment. Programs and services are accessible through a community-based and province-wide, one-stop delivery network. A large percentage of operations focus on direct employment and training client service delivery; however, the scope and delivery parameters vary depending on funding mandates.

MNO Education and Training’s employment and training services are funded by Employment and Social Development Canada (ESDC) through its Aboriginal Skills and Employment Training Strategy (ASETS) and focuses on three main priorities:

- Demand driven skills development;
- partnerships; and
- accountability for improved results.

The ASETS agreement was extended for one year and a new multi-year strategy will be in place for April 2019. MNO has expanded its core employment programs by accessing additional provincial and federal funding. However, it should be noted that demand for skills training continues to grow and budgets remain oversubscribed.

**HIGHLIGHTS  ▲  MNO 2017 CANOE EXPEDITION**

In the summer of 2017, following the historic fur trade routes of their voyageur ancestors, 12 Métis youth from across Ontario experienced the adventure of a lifetime. Their 2,200 trek from Ottawa to Kenora lasted just over 100 days and saw them visit 18 Métis communities. The MNO Canoe Expedition provided participants with experiential learning opportunities that helped the participants develop and enhance their leadership and employability skills, which will improve their career prospects.
SUMMER YOUTH CULTURAL PROGRAM (SYCP):
The SYCP delivers Métis cultural presentations and workshops in such areas as beading, finger weaving and jigging. In 2017, the MNO employed 25 Métis youth in Thunder Bay, Timmins, Sault Ste. Marie, North Bay, Ottawa, Midland, and Toronto. They attended 102 events and reached 5,575 youth under 18 years of age.

MNO BURSARY PROGRAM:
This program is currently available at 42 Ontario post-secondary institutions across Ontario and additional MNO-partner bursaries continue to be established across the province. Métis students from any MNO Region can apply for Métis Nation of Ontario bursaries at the Financial Aid/Awards Office, Aboriginal Student Liaison Centre or through Student Support Services at their participating institution.

In 2017-18, the MNO served 895 clients with ASETS funding of which 669 were youth and 84 were disabled.
The MNO saw a significant increase in funding through all Education and Training Programs in 2017-18.

$9,622,832  $16,251,223

INFINITE REACH:
The MNO trained 28 MNO Infinite Reach Facilitators from 17 postsecondary institutions in 2017-18. These facilitators engaged and supported incoming Métis students at colleges and universities by connecting them to student services, creating an on-campus community with Métis cultural events and linking them to local MNO community councils. A key provincial Infinite Reach project was the annual March Break Camp in March 2018 at the Canadian Ecology Centre in Mattawa. Nineteen high school students attended the camp where they received Métis cultural and way-of-life training.

MÉTIS YOUTH CULTURAL CAMPS:
From March 22-25, 2018 near Thunder Bay, the MNO held Hiverant, its first Métis Youth Cultural Camp. Hiverant was the first of four seasonal camps with the remainder to take place in 2018-19. Métis Youth Cultural Camps provide community-based cultural programming opportunities to help Métis

In accordance with the Métis Nation of Ontario (MNO) Statement of Prime Purpose the MNO Healing and Wellness branch provides culture-based, supportive, self-directed services that address the emotional, spiritual, mental and physical needs of individuals, families and communities. MNO programming promotes respect, compassion, dignity and empowerment that foster balance, hope, belonging and pride.

The MNO Healing and Wellness branch deliver programs and services to Métis communities across Ontario at 32 sites. The centrally administered healing and wellness programs and services are culturally grounded, wholistic in nature, client-centred and family-focused. Core activities of the branch are centred on health promotion and interventions informed by research and knowledge.

The primary functions of MNO healing and wellness programs are to provide direct services to clients, build meaningful collaborations and support community-based, educational gatherings.

**HIGHLIGHTS**

**MNO HOUSEHOLD SURVEY**

From July 21, 2017 to March 31, 2018, the MNO conducted a census open to all MNO citizens to capture their service needs and concerns in the areas of health, housing, education, employment, social justice and other areas. The information obtained will be used to advocate that federal and provincial governments and other MNO partners address service gaps for Métis families and communities across Ontario.
RENEWING OUR COMMITMENT TO END VIOLENCE: Healing and Wellness staff wrapped up 2017-18 with a peer-led plenary and training session dedicated to re-connecting to the branch’s over-arching goal of preventing community violence and creating safe communities. Several program coordinators created program-specific training and information sessions for their peers, which facilitated an increase in skills and a re-focus towards some of the branch’s larger goals.

AGING AT HOME PROGRAM: As a part of the ongoing process of reducing services gaps and increasing support options in the community, the MNO launched the Aging at Home Program. This program offers a variety of in-home supports, lawn care, snow removal and limited community errand assistance for eligible individuals in order to increase and extend the quality and duration of their independent home living.

- Number of clients: 32
- Number of client services: 153
- Total program sites: 13

OUR BROTHERS VOYAGE: This is new community program that teaches men to become healthy role models for other men. Our Brothers Voyage was created by frontline Healing and Wellness coordinators and features a progressive eight week program that supports personal reflection and learning healthy attitudes about women and violence-prevention for men. The program culminates in a community-specific mobilization activity in which participants create their own good ripples in the community.

VICTIM SERVICES EXPANSION: The existing MNO Victim Services program was expanded and new services were piloted that targeted older adults; Gay, Lesbian, Bi-sexual, Transsexual, Queer, Questioning, Intersex, Two-spirited (GBLTQQI2S) individuals; persons with disabilities; and youth who were victims of violence. This expansion included cultural awareness training for key stakeholders and training in key concepts for MNO front-line staff. Staff with expertise in these areas was hired and Brantford, Kenora and Sudbury were added as service delivery sites.

- Number of clients: 402
- Number of staff trained: 489
- Community workshops: 210
- Workshop participants: 5,394
- Total program sites: 2
LAUNCH OF THE ENDING HUMAN TRAFFICKING COMMUNITY SUPPORTS PROGRAM: This new program creates community-based solutions to human trafficking by increasing services for Indigenous people with lived experience of human trafficking and/or at risk of human trafficking. This program is building a stronger community response to supporting those with experiences in human trafficking with an aim to ending the trafficking of Indigenous women and girls. In 2017-18 the MNO has built a robust community of practice in Ottawa that includes a full spectrum of mainstream and Indigenous service providers.

EXPANSION OF MENTAL HEALTH SERVICES FOR YOUTH UNDER 18 YEARS OF AGE: The MNO offers mental health and addiction services to it children, youth and their families. Through MNO Healing and Wellness staff, Métis children and youth can access a broad range of fee-for-service interdisciplinary health care professionals including psychologists, psychiatrists, addictions counsellors, and/or other allied health professionals to meet their unique needs. Part of the project includes a website that provides links to mental health services and a mental health quiz for youth.

This Year... the MNO LRC branch processed 6,261 Proponent Notices. The largest number ever.
The Métis Nation of Ontario’s (MNO) Lands, Resources and Consultations (LRC) Branch provides the technical expertise and support required for the full engagement of MNO citizens in a wide range of activities and issues related to the MNO’s traditional territories. The mandate of the LRC Branch is to serve as a centre of technical, scientific, policy and research expertise in respect of the constitutionally recognized Duty to Consult Indigenous peoples. With specialized skills in areas including, for example, Métis rights, the Métis Way of Life Framework (WOLF), environmental assessments, mining, forestry, energy and public policy, the LRC Branch supports the regionally based rights-bearing Métis communities across Ontario to ensure that the Crown’s legal Duty to Consult and Accommodate Indigenous peoples is both meaningful and effective. The Branch also has a Community Relations team that provides support and training for MNO’s community councils.

The primary objectives of the LRC Branch are to:

• act as a “one-window” contact for consultations with MNO;
• in collaboration with the Regional Consultation Committees triage and prioritize incoming requests for consultation and identify acceptable levels of required MNO involvement;
• manage project consultation activities on major project assessments and other government initiatives and programs;
• develop a thorough understanding of proposed major projects that may impact Métis rights, interests and way of life;
• initiate, guide, and carry-out the development of MNO Traditional Knowledge and Land Use (TKLU) Studies in collaboration with the Associate Director of Education and Way of Life, and qualified external consultants;
• initiate, guide and carry out the development of technical reviews of regulatory documents, and other technical analysis/research in collaboration with external consultants; and
• convene regional workshops and/or provincial conferences to engage MNO citizens on new projects, the Duty to Consult, regulatory processes, assessing effects and accommodation-related issues;
• provide support to MNO chartered community councils with elections and council governance and provide training to chartered councils.
MOU WITH TREASURY METALS:
The MNO’s Region 1 Consultation Committee signed a new Memorandum of Understanding (MOU) with Treasury Metals in relation to the proposed Goliath Gold Project. The MOU provides support to undertake a Traditional Knowledge and Land Use Study and engage in ongoing consultation involving the mining project.

THE HOME STRETCH WITH PRODIGY GOLD:
After three years of relationship building, Prodigy Gold and the MNO worked diligently to finalize details of an Impact Benefit Agreement (IBA) between the two parties. The IBA is designed to support MNO citizens in the traditional territories surrounding Prodigy’s proposed Magino Mine. Prodigy and the MNO signed the agreement in April 2018.

UPPER BEAVER - A CAREFULLY EXECUTED MINING PLAN:
The Upper Beaver Project, which began in 2011, has endured multiple ownerships and a multitude of economic reviews but the project’s new owner, Agnico Eagle, has committed to moving the project to advanced exploration and to continue engagement with the MNO. Agnico Eagle’s socially responsible intentions, sustainable development policy and retention of key personnel will ensure Métis involvement in the project’s success as consultation continues in 2018-2019.

(above) SIGNATORIES OF THE MNO/TREASURY METALS MOU: (front row, left-right) MNO President Margaret Froh, Treasury Metals President and CEO Chris Stewart, Provisional Council of the Métis Nation of Ontario Region 1 Councilor Theresa Stenlund. Back (left-right): MNO Sunset Country Métis Council President Brady Hupet, MNO Kenora Métis Council President Joel Henley, MNO Atikokan Métis Council President Marlene Davidson and MNO Northwest Métis Council President Ron Robinson.
**PRODUCTIVE CONSULTATION WITH NEXTBRIDGE:**
In 2017-18, MNO continued in-depth consultations with NextBridge on the East West Tie electrical transmission line project, which is proposed to extend approximately 447 kilometres along the north shore of Lake Superior in MNO’s Regions 2 and 4. The MNO’s concerns for Métis rights and interests were considered and plans proposed to enable the MNO to participate in monitoring the transmission line post-construction and economically benefit from the project.

**BRUCE POWER NEW RELATIONSHIP AGREEMENT:**
In 2017, the Georgian Bay Traditional Territory Consultation Committee (GBTTCC) signed a new, five-year Relationship Agreement with Bruce Power, which operates a large nuclear energy generator located in the MNO’s Region 7. The support from the Relationship Agreement ensures that the GBTTCC will have an opportunity to review regulatory documentation, engage routinely with Bruce Power staff and maintain communications with the wider MNO Region 7 Citizenship about nuclear energy in the Region.

Rural Native Housing Program housed 43 families and individuals and completed building condition assessments of all 440 units.
Infinity Property Services (IPS) has five contracts to manage social housing units on behalf of community housing boards and Ontario Aboriginal Housing Services (OAHS). The service contracts enable IPS to provide affordable housing to a broad range of clients, as well as generate revenue for the MNO. IPS provides a full range of property management services under these contracts including tenant management, asset management, contract administration, capital planning and building inspections.
RURAL NATIVE AND HOUSING PROGRAM (RNH):
The RNH program provides rent geared to income housing for low-income families located in rural communities across the province. The housing units are mainly three bedroom detached homes. IPS has a property management agreement to manage 437 of rental units and three homeowner units located in the Thunder Bay; Parry Sound; Muskoka; Kenora; Nipissing; as well as the Simcoe and Grey-Bruce Counties.

URBAN AND NATIVE HOUSING PROGRAM (UNH):
The Urban and Native Housing (UNH) program provides affordable housing to First Nation, Métis and Inuit families across the province. IPS has a contract to provide property management and administrative service for the UNH program in the community of Geraldton. IPS negotiated a three -year UNH contract ending in December 31, 2019, with a possible extension for an additional two years.

PROGRAM ADMINISTRATION:
IPS has two contracts in place to administer housing repair programs on behalf of provincial and municipal bodies in a number of areas in the province. Generally program administration agreements include promotion, client intake, waitlists, inspections, work descriptions, approvals, funds disbursement, mortgages, budget oversight and reporting.

ONTARIO NON-PROFIT HOUSING PROGRAM (ONPH):
The ONPH program provides affordable and supportive housing to low-income families and individuals. IPS manages three types of housing under the program on behalf of three boards in the municipality of Greenstone. These include: the Kenogamisis Non-Profit Housing Corporation that provides supportive rental housing to low-income singles with developmental and physical disabilities; the Superior Greenstone Association for Community Living provides supportive services; the Geraldton Municipal Housing Corporation that provides low-income families with affordable housing in the Greenstone area; and the Chateaulac Housing Incorporated that provides affordable housing to low-income seniors and market rent tenants in the Longlac area.

ONTARIO RENOVATES – NORTHERN REMOTE COMMUNITIES (OR-NRC):
This program is a component of the Investment in Affordable Housing for Ontario program (IAH) (2014 Extension). It assist low-to-moderate income homeowners to repair/modify their homes to bring them up to acceptable standards. Eligible projects must be in communities with a population of less than 2,500 and include: Rainy River; Kenora; Cochrane; Nipissing; Temiskaming; Thunder Bay; Algoma; Parry Sound; and Sudbury-Manitoulin. IPS runs a similar to the OR-NRC specifically in Kenora.
**INSPECTION SERVICES:**
The First Nation, Inuit, Métis Urban and Rural (FIMUR) Housing program aims to provide a continuum of housing options from supportive and transitional housing to affordable rental housing to home ownership for urban and rural Métis, First Nations, and Inuit people. The main program includes rental housing development, assisted homeownership and home repair. FIMUR is managed by the Ontario Aboriginal Housing Services (OAHS) and developed in partnership with the MNO, the Ontario Federation of Indigenous Friendship Centres, the Ontario Native Women’s Association and the Ministry of Housing. IPS provides inspection services on behalf of OAHS.

Similar to the Ontario Renovates programs described above, the Nipissing, Thunder Bay and Rainy River District Social Services Administration Boards have contracted IPS to provide services. This contract is for inspection services only where the administrative boards maintain all administrative functions for their local programs.

Over 400 MNO citizens and guests attended the 2017 AGA in Kenora in August 2017. Delegates provided guidance to the MNO leadership by passing ten resolutions and enjoyed a full-range of cultural and social activities. Over $70,000 was raised in corporate sponsorship for the AGA, which was used to help cover the costs of MNO community council presidents, senators, youth, women’s and veterans’ representatives attending the AGA.
The work of MNO Intergovernmental Relations Branch meets the requirements of the MNO Statement of Prime Purpose by contributing to the MNO “... gaining the recognition and respect of the Métis as a Nation and a people.” The branch does not primarily manage programs but rather negotiates contribution and other agreements that provide funding utilized by the MNO Secretariat for governance functions and to other MNO branches for various programs and services.

Intergovernmental Relations are the responsibility of the elected leadership of the MNO and are managed on a day-to-day basis by the Provisional Council of the Métis Nation of Ontario (PCMNO) with the assistance of MNO senior staff as required. The Director of Intergovernmental Relations facilitates meetings and consultations and serves as a staff liaison between the MNO and other governments and agencies.

MNO Intergovernmental Relations plays a major role in the negotiation and implementation of key agreements including The MNO-Ontario Framework Agreement, the MNO-Canada-Ontario Framework Agreement for Advancing Reconciliation and numerous agreements with proponents. The branch facilitates and organizes training and organizational meetings for regional consultation committees and community councils.

MNO Intergovernmental Relations is also responsible for soliciting and coordinating sponsorship for the MNO Annual General Assembly (AGA), organizes MNO’s provincial Louis Riel Day ceremony at Queen’s Park and represents the MNO on planning committees of such events as the North American Indigenous Games.

during the North American
MNO-CANADA-ONTARIO FRAMEWORK AGREEMENT FOR ADVANCING RECONCILIATION: Signed in December 2017, this agreement establishes a process for discussions about developing a government-to-government relationship between the Crown and the Métis Nation of Ontario. It also identifies areas of mutual interest and key topics for future negotiations, such as Métis self-government, health, housing, education and a tripartite consultation protocol.

PROVINCIAL LOUIS RIEL DAY CEREMONY AT QUEEN’S PARK: In compliance with a resolution at the 2017 MNO AGA; for the first time the provincial Louis Riel Day ceremony was not held at the Northwest Rebellion monument but rather at the flag pole near the Legislative Building. Over 100 people attended and special guests included the Speaker and the Minister of Indigenous Relations and Reconciliation with the ceremony being broadcast via Facebook Live for the first time.

NORTH AMERICAN INDIGENOUS GAMES (NAIG): The MNO played a key role on the NAIG planning committee with MNO representatives and Métis artists playing leading roles in the opening and closing ceremonies as well as at several cultural events. Held in July in Toronto, NAIG attracted more than 5,000 participants, 2,000 volunteers and countless spectators for 14 sport categories held in world-class venues.

PROPOONENT AND GOVERNMENT-TO-GOVERNMENT AGREEMENTS, MEETINGS AND EVENTS: The MNO engaged in Bi-lateral Mechanism meetings with key federal cabinet ministers and sent a delegation to the Emergency Meeting on Indigenous Children and Youth as well as one-on-one meetings with the Premier, the Minister of Indigenous Relations and Reconciliation, the Minister of Crown-Indigenous Relations and Northern Affairs, the Minister of Indigenous Services and other provincial and federal cabinet members. The MNO signed agreements with proponents including Treasury Metals, hosted engagement sessions with proponents such as Hydro One and was part of the Land Use Study for the East-West Tie Transmission Line. The MNO also was represented at the Prospectors and Developers Association of Canada (PDAC) Conference.

MÉTIS NATION OF ONTARIO
GOVERNMENT SERVICES

Government services consolidate specialized knowledge, best practices and technology to provide services required by all aspects of the MNO’s operations as well as its internal and external clients. These services are provided in the areas of finance, communications, information and communications technology and human resources.

Unlike the branch programs described elsewhere in this document, government services does not receive funding directly from proponents, government agencies, partners or other sources. The costs described under government services are covered by direct allocations from other branches’ programs on preapproved budgets for preapproved support service expenses and by management fees. Approximately three quarters of government services costs are covered by direct allocations from other branch programs while the remainder are covered by management fees.

HIGHLIGHTS | MÉTIS VOYAGEUR 100TH ISSUE
This year, we are mark the 25th anniversary of the Métis Nation of Ontario and the Métis Voyageur marks a significant milestone in the MNO’s history. In its 100 editions, this paper has provided a forum to tell our collective stories and report on all of the hard work of the Provisional Council of the MNO, all of our councils, volunteers and citizens. The Métis Voyageur newspaper is part of our history.
The Métis Nation of Ontario (MNO) Finance Branch strives to implement sound financial policies and procedures throughout the organization while ensuring timely payments to vendors and collection of funding revenues for all programs. At the same time, the Finance Branch provides reporting and analysis to Provisional Council of the Métis Nation of Ontario (PCMNO), senior management, budget managers and funders. The Branch maintains the current database of all of the MNO’s funding agreements.

**Services:** The Finance Branch provides all financial support to the MNO. These services include:

- Payroll;
- Vendor and expense claim purchase orders and payments;
- Collection and tracking of funder payments;
- Ensuring adequate cash flow to meet obligations;
- Monthly detailed program expense reporting with budget to actual variance analysis;
- Quarterly reporting to PCMNO;
- Preparation and audit coordination of annual financial statements;
- Preparation and submission of all statutory filings (T4 returns, tax returns, HST returns and Public Service Salary Disclosure).

Over the past 3 years, program funding has increased by 41% with a corresponding increase in workload. In order to handle this workload, the Branch has implemented improved processes and systems.

**2017-18 HIGHLIGHTS:**

**DEBT REPAYMENT:**
The debt to Services Canada was completely paid off in the 2017-18 fiscal year. Only $66,527 due to Health Canada remains of the $4.7 million debt originally owed to the government in 2009.
COMMUNICATIONS

In keeping with the Métis Nation of Ontario (MNO) Statement of Prime Purpose, the MNO maintains effective communications that reflect the history and traditions of the Métis Nation and respect the wealth of creativity that has emerged through the MNO since 1993. The Branch works to coordinate communications efforts, provides advice and develop products to increase understanding and awareness of the MNO among MNO citizens, employees and the general public. Among the goals of the Branch are:

- communicating that the MNO is the government of Métis people in Ontario;
- providing effective communication products for internal and external audiences;
- assisting MNO citizens and the public with information about the MNO and its programs and services.

Services: The Communications Branch is responsible for all communications products for internal and external audiences. Services include:

- identity management and branding;
- graphic design and creative direction for MNO publications and media;
- operation of the MNO’s social media pages;
- maintaining, updating and designing of the MNO website;
- preparation and distribution of press releases and media advisories;
- media monitoring and media relations;
- quarterly production of the Métis Voyageur;
- video production;
- responding to public inquiries about the MNO.

2017-18 HIGHLIGHTS:

WEBSITE RENEWAL: In 2017-2018, the Communications Branch began the process of renewing the MNO website in order to better organize its content and highlight MNO programs and services. The new design will be more accessible, provide more on-line tools for users, permit increased use of social media and will emphasize MNO services consistent with other government websites.

EXPANDED USE OF SOCIAL MEDIA: The former Communications Assistant position was upgraded to News Services and Social Media Coordinator. This has already permitted increased emphasis on using social media including the creation of memes for the Facebook, Twitter and Instagram pages promoting MNO programs and services and the use of Facebook Live to cover MNO events. Successes have included three special graphics for Louis Riel Day, which were shared on Twitter and Facebook. The most successful single image was shared 42 times and reached 4,259 people. On Twitter, one image reached 33,227 people. An Instagram social media sharing function was also added to the MNO website.

MAJOR PROJECTS: Among the Branch’s largest projects were the 80-page Annual Report, 370-page AGA Binder, 52-page report on the MNO Commission on Métis Rights and Self-Government and the 2016-17 highlight video. The Communications Branch also worked with our web developer to create a new Root Ancestors page of the MNO website for release at the 2017 AGA. Five editions of the Métis Voyageur, made up of a total of 164 pages, were also produced.

MNO SOCIAL MEDIA FOLLOWERS:

Facebook: 5206
Twitter: 2492
Instagram: 571
MNO Information and Communications and Technology supports all the MNO branches in their efforts to fulfill the delivery of all aspects of the MNO Statement of Prime Purpose.

ICT maintains a dedicated and proactive approach to providing readily available systems and infrastructure as well as service-oriented user support for the vast array of software, hardware, and connectivity technologies used by the MNO. While continuing to monitor for opportunities to improve network and data service delivery via new software and technology, ICT strives to also offer cost savings while maintaining focus on security and industry best practices.

**SERVICE DELIVERABLES:**

- Manage and maintain the MNO’s network and data infrastructure including 12 virtual servers.
- Provide helpdesk assistance for all MNO systems and users accessing 200+ desktop and laptop computers and 45 printers.
- Maintain and upgrade specialized databases and program software such as the Registry Application and database; Great Plains financial system; Lands, Resources and Consultations Portal; Healing and Wellness Portal; Online Health Activity Tracking System, (OHATS); Exchange email; File servers; Antivirus server and clients; Security appliances; Email spam scanner; data disaster recovery and long term archiving.
- Maintain and manage all the MNO’s land-based telephone services and dedicated phone systems as well as 195 cellular and smartphones.
- Purchasing, contract negotiations and vendor management for all information technology sourced items and ongoing contracts.
- Responsible for facilities management at the MNO Ottawa Head Office and assists with regional offices where applicable.

**2017-18 HIGHLIGHTS:**

**UPGRADED MNO BACKUP SYSTEMS:**
MNO currently archives over 4.5 terabytes of data weekly, while maintaining daily incremental backups for file restore and disaster recovery as well as monthly full backups for archiving.

**DEPLOYED OVER 80 NEW LAPTOPS AND ACCESSORIES ACROSS MULTIPLE BRANCHES:**
Many retired computers were reconfigured and re-deployed for lite / temporary duty in programs such as the MNO’s Summer Youth Cultural Program, at no cost.

**COORDINATED A COMPLETE REBUILD AND UPGRADE OF THE MNO’S ONLINE HEALTH ACTIVITY TRACKING SYSTEM (OHATS):**
This improved performance and the addition of reporting services for the Métis Family Wellbeing, Telemedicine / Mental Health and Ending Violence Against Women programs.

**HEAD OFFICE RE-LOCATION:**
Supervised the design and construction oversite as well as move coordination and logistics of the Ottawa head office move from 500 Old St. Patrick Street to 66 Slater Street and the new Montreal Road outreach office.
The goal of the Human Resources is to help MNO achieve its mission, always mindful of the declarations in the MNO Statement of Prime Purpose and Métis values, which are the center of everything we do.

The Human Resources Branch upholds the principles of accountability, transparency and excellence as integral components of the operational arm of the Métis Nation of Ontario. Our policies and procedures reflect our commitment to recruit and retain the best-qualified personnel with preference being given to Métis applicants where all other considerations are equal.

HR’s success will be measured by our ability to align and integrate processes with the MNO strategic mission. We can do this by identifying issues and executing corrective measures effectively.

SERVICES:

- Promoting a safe, supportive and productive working environment for all MNO employees;
- overseeing compliance with applicable employment standards, human rights and workplace health and safety laws;
- establishing and supporting effective tracking systems and internal processes for recruitment and hiring;
- assisting with the support provided to all employees through orientation, effective probationary periods and ongoing performance evaluation;
- maintaining appropriate employment information documentation and protecting confidential and personal information;
- effectively administering group benefits, a registered pension plan, workplace health and safety, WSIB, insurance needs;
- promoting education and awareness among staff and managers on our workplace policies, workplace obligations and wise-practices in human resource management, implementing and maintaining workplace policies and procedures;
- providing assistance with resolution of workplace conflict or non–compliance with MNO’s Policies and Procedures and legislated requirements.

MÉTIS NATION OF ONTARIO

REGISTRY

The MNO Registry maintains the database that registers and identifies the Métis citizens and harvesters who are the rights holders in Ontario. Application for citizenship may be made by those who are ordinarily residents in Ontario who meet the criteria for MNO Citizenship.

The MNO Registry Branch works with, and within the definition of Métis adopted by the AGA and as set out in the MNO’s Registry policy and MNO Bylaws which is consistent with the national definition of Métis.

The Statement of Prime Purpose affirms the role of the MNO Registry: to research, publish, and promote the genealogical documentation of the Métis. The Registry Branch is responsible to provide:

- responsive, efficient and effective Registry service to citizens and applicants;
- accountability and transparency in Registry operations;
- citizens and applicants with a clear understanding of citizenship requirements;
- safety and security of the Registry database; and the
- storage of Registry files in a manner to ensure the physical safety and integrity of the files.

REGISTRY AND SELF-GOVERNMENT READINESS PROCESS (RSRP): In October 2017 the MNO launched a review of all MNO citizenship files in anticipation of formal self-government and Métis rights negotiations with Canada and Ontario. This involves a review of citizenship files to determine if they are complete based upon the MNO’s existing Bylaws and Registry Policy. The MNO engaged Know History (an independent third-party contractor) to conduct the review and as a result new systems are being developed that will substantially strengthen the MNO Registry.

HARVEST AUDIT: The independent review of the MNO Harvester Card system was completed in January 2018. It confirmed the MNO has a reliable system to identify Métis rights-holders eligible for harvesting rights. A copy of the review is available on the MNO website.

MÉTIS ROOT ANCESTORS DOCUMENTS: In August 2017, the MNO released and posted 95 Ontario Métis Root Ancestors documents that provide detailed genealogies and supporting documentation for Métis from six historic Ontario Métis communities. These documents are very useful to individuals applying for MNO citizenship as applicants only need to demonstrate their connection to one of these families instead of having to carry out all the research on the families themselves. Work is continuing to add more Métis Root Ancestor documents in the future.
