A message from the government of the Métis Nation of Ontario

HAPPY NEW YEAR

In 2018 the Métis Nation of Ontario (MNO) celebrated 25 years as a Métis government.

By Métis citizens, families and communities throughout Ontario coming together to advance rights, self-government and to improve the health and well-being of our families and communities we have achieved great success and overcome many obstacles.

We look forward to working closely with MNO citizens in Ontario in 2019 to do the important work for our Métis citizens, families, communities and our future generations.

From our families to yours wishing good health and happiness to all.

Marsi
The Provisional Council of the Métis Nation of Ontario
