3. WELCOMING REMARKS FROM DIGNITARIES AND GUESTS

3.1 Honourable David Zimmer, Minister of Indigenous Relations and Reconciliation

Minister Zimmer expressed gratitude for being invited to participate in the 2017 AGA.

Minister Zimmer commented that the willingness of Premier Kathleen Wynne to join the Canoe Expedition demonstrates the sincere efforts of the Province to build a solid relationship with the MNO. Ontario will be a partner to the MNO as it works toward building a renewed relationship with Canada.

Minister Zimmer introduced a video greeting from Premier Wynne congratulating the youth upon completing the Canoe Expedition from Ottawa to Kenora. She noted that her participation in the Canoe Expedition provided an opportunity for her to learn more about Métis history, culture and life.

Premier Wynne committed to working with the MNO to advance reconciliation and to improve the lives of Métis and all Indigenous peoples.

3.2 Honourable Robert Nault, Member of Parliament (MP) (Kenora)

MP Nault noted his Métis roots and expressed his honour at being invited to participate in the 2017 AGA. MP Nault commented on the federal and local participation in the 2017 AGA.

MP Nault remarked upon his excitement at witnessing the arrival of the canoes at Anicinabe Park the previous evening. MP Nault commended Premier Wynne for taking four full days from her busy schedule to participate in the Canoe Expedition and to engage with Métis youth during that time.

MP Nault noted the sincere commitment of the Honourable Carolyn Bennett, Minister of Indigenous and Northern Affairs Canada (INAC), to Indigenous peoples.

On behalf of the Honorable Patty Hajdu, Minister of Employment, Workforce Development and Labour, MP Nault announced funding of $2.2 million to the MNO from the Skills and Partnership Fund for up to 72 Métis citizens to obtain critical skills and experience leading to employment in the energy sector.

Region 7 Councilor Pauline Richardson read aloud a letter from MPP Brown.

3.4 Michael Gravelle, MPP (Thunder Bay—Superior North)

Region 2 Councilor Cameron Burgess read aloud a letter from MPP Gravelle.
3.5 Andrew Scheer, MP, Federal Leader of the Conservative Party, Leader of the Opposition
Region 9 Councillor Peter Rivers read aloud a letter from MP Scheer,

3.6 Clément Chartier, President, Métis National Council (MNC)
MNC President Chartier noted the events that led to the founding of the MNO in 1993 and the tremendous progress in the ability of the MNO to provide programs and services to its people.

MNC President Chartier commented on the positive improvements in the relationships with the governments of Canada and Ontario and potential to improve the lives of the Métis people. The Prime Minister has expressed and demonstrated his commitment to work with Indigenous peoples on a nation-to-nation basis.

The inherent Indigenous governments have insisted that recognition and nation-to-nation, government-to-government relationships between the Crown and the Métis Nation, First Nations and Inuit be a founding principle of the intergovernmental process. In accordance with this principle, the Métis Nation as represented by the MNC, the Assembly of First Nations (AFN) and Inuit Tapiriit Kanatami (IKT) elected not to participate in the July 17, 2017 meeting with the Premiers, as Aboriginal organizations were also invited participants. MNC President Chartier emphasized that the MNC and the Governing Members are governments, not organizations, and the Métis Nation should be clear and consistent in their insistence that they be treated as such.

The Prime Minister announced a Permanent Bilateral Mechanism with the three Indigenous governments in December 2016. The first Métis Nation – Crown Summit was held on April 13, 2017 and will occur on an annual basis in the future. In addition, there will be regular meetings between MNC and Federal Government officials to work on the priority areas identified in the Canada – Métis Nation Accord (Accord) that was signed at the first Métis Nation – Crown Summit. The expectation is that the Supreme Court of Canada Daniels decision will be implemented through the Permanent Bilateral Mechanism.

The first meeting of the Ministers responsible for the priority areas identified in the Accord will be held at the end of September 2017, at which time, it is hoped that a commitment will be received for Métis-specific funding in Budget 2018. It was disappointing that Budget 2016 and 2017 provided little in the way of Métis-specific funding, beyond that provided to strengthen the governance mechanisms of the Métis Nation.

MNC President Chartier reported that the Métis Nation has called upon Canada to recognize Métis Veterans who served in World War II and to settle with the survivors of the Métis residential schools in order to achieve true reconciliation between Canada and the Métis Nation.

4. YEAR IN REVIEW
The AGA viewed a video of MNO highlights from the previous year.
5. **STATE OF THE NATION ADDRESS**

A/President Picotte welcomed all delegates to the 24th AGA and sent best wishes to President Margaret Froh for a speedy recovery. A/President Picotte acknowledged the efforts of: MNOWC; MNOYC; Senators; PCMNO; Captains of the Hunt; and Regional and Community Councils. A/President Picotte expressed appreciation to the dignitaries and the MNO citizens for their participation in the 2017 AGA.

A/President Picotte echoed the words of President Froh about the stars aligning for the Métis Nation, including:

- Supreme Court of Canada’s *Daniels* decision
- Release of Special Ministerial Representative (MSR) Thomas Isaac’s report regarding Métis Section 35, *Act, 1982* (s.35) rights
- Recognition of the Métis Nation by the Federal Government
- Implementation of the Permanent Bilateral Process between Canada and the Métis Nation
- Memorandum of Understanding (MOU) for exploratory discussions with Canada to negotiate a framework agreement for self-government, rights and claims in Ontario.

These events are the culmination of collective efforts of the entire Métis Nation over generations. There is increasing attention being paid to the MNO from industry and governments at all levels. The Métis Nation must now seize upon the opportunities to better the lives of the Métis people.

The MNO is thriving with strong communities across Ontario, strong governance and the enhancement of the Métis Nation of Ontario Secretariat with the appointments of new senior staff. A/Chair Picotte acknowledged the efforts of Wenda Watteyne, who assumed the responsibility of A/Chief Operating Officer (COO) upon the retirement of former COO, Doug Wilson. A/Chair Picotte introduced the newly appointed COO, Joanne Meyer, and Chief Strategy Officer (CSO), Jennifer St. Germain.

A/Chair Picotte commented on the extensive community consultations that occurred during the year, including the launch of the Commission on Métis Rights and Self Government (Commission). It is expected that the Commission’s report will be released in the fall 2017. AGA delegates were reminded to complete the Métis household survey to gather information to develop MNO and Métis Nation programs, services and strategies.

Information was shared on the services and programs overseen by:

- Education and Training Branch
- Healing and Wellness Branch
- Registry
- Central Service Branch.

The MNO Registry undertook extensive work to prepare for the independent review of the Harvester Card system.

In conclusion, A/President Picotte encouraged the MNO citizens to stay focused on the future and advancing Métis rights and announced that the 2018 AGA, at which the 25th anniversary of the MNO will be celebrated, will be held in Peterborough, Ontario.

Resolutions Committee Announcement
Resolutions Committee Chair Richardson reported that the Resolutions Committee, along with Ms. Duquette and legal counsel, Anita Landry and Steven Pickard, have met and reviewed the Special Resolutions submitted to the 2017 AGA. The Resolutions Committee has determined that the following Special Resolutions cannot be brought forward to the 2017 AGA, as the Mover is not present:

Changes to MNO Citizenship Definition:

WHEREAS the Métis – as a distinct Indigenous people – have the inherent right to self-determination, which includes the right to determine its own citizenship;

WHEREAS the MNO – as a Métis government for its citizens and communities – has exercised this right through the 2004 MNO AGA – as the highest governing authority within the MNO – unanimously adopting a definition for citizenship within the MNO as set out is section 4(a) of the MNO Bylaws;

WHEREAS the MNO maintains a centralized Registry of citizens and all new applicants for citizenship must meet the requirements of the MNO Registry Policy, which was adopted by PCMNO as an interim policy in 2009 and ultimately approved by the 2014 MNO AGA;
WHEREAS over 10,000 individuals have met the requirements of the MNO Registry Policy since 2009 and have been granted MNO citizenship with thousands more applying and being processed each year;

WHEREAS the MNO’s rights-based agenda and legitimacy as a Métis government is tied to the credibility of its centralized registry to identify Métis citizens who are rights-holders as the descendants of historic Métis communities throughout Ontario as well as citizens of the Métis Nation as explained in the MNO Registry Policy;

WHEREAS in the past election, some candidate promised to unilaterally change the MNO citizenship definition to allow anyone with some mixed Aboriginal ancestry to be granted citizenship, rather than individual having to ancestrally connect to a Métis ancestor as required by the MNO Registry Policy;

WHEREAS each year the MNO AGA is held in a different location across the province, which does not always allow for a fair representation from all citizens and communities across the province; and

WHEREAS the MNO’s right-based agenda and legitimacy as a Métis government is tied to the credibility of its centralized registry to identify Métis citizens who are rights-holders as the descendants of historic Métis communities throughout Ontario as well as citizens of the Métis Nation.

THEREFORE BE IT RESOLVED that the following section be added to the MNO Bylaws:

“4(b) The definition of Métis in section 4(a) shall only be changed after two consecutive General Assemblies have passed special resolutions agreeing to said changes. For greater certainty, a resolution of the PCMNO cannot alter the definition of Métis in section 4(a).”

Changes to MNO Registry Policy

WHEREAS the Métis – as a distinct Indigenous people – have the inherent right to self-determination, which includes the right to determine its own citizenship;

WHEREAS the MNO – as a Métis government for its citizens and communities – has exercised this right through the 2004 MNO AGA – as the highest governing authority within the MNO – unanimously adopting a definition for citizenship within the MNO as set out is section 4(a) of the MNO Bylaws;

WHEREAS the MNO maintains a centralized Registry of citizens and all new applicants for citizenship must meet the requirements of the MNO Registry Policy, which was adopted by PCMNO as an interim policy in 2009 and ultimately approved by the 2014 MNO AGA;

WHEREAS over 10,000 individuals have met the requirements of the MNO Registry Policy since 2009 and have been granted MNO citizenship with thousands more applying and being processed each year;

WHEREAS the MNO’s rights-based agenda and legitimacy as a Métis government is tied to the credibility of its centralized registry to identify Métis citizens who are rights-holders as the
descendants of historic Métis communities throughout Ontario as well as citizens of the Métis Nation as explained in the MNO Registry Policy;

WHEREAS in the past election, some candidate promised to unilaterally change the MNO citizenship definition to allow anyone with some mixed Aboriginal ancestry to be granted citizenship, rather than individual having to ancestrally connect to a Métis ancestor as required by the MNO Registry Policy;

WHEREAS each year the MNO AGA is held in a different location across the province, which does not always allow for a fair representation from all citizens and communities across the province; and

WHEREAS the MNO’s right-based agenda and legitimacy as a Métis government is tied to the credibility of its centralized registry to identify Métis citizens who are rights-holders as the descendants of historic Métis communities throughout Ontario as well as citizens of the Métis Nation.

THEREFORE BE IT RESOLVED THAT the following proposed changes be made to the MNO Bylaws:

- Adding “as set out in the MNO Registry Policy, as may be amended from time to time, by way of special resolution of a General Assembly” at the end of section 5(a) of the MNO Bylaws;
- Removing the word “through the Registry process of the MNO and adding “as set out in the MNO Registry Policy, as may be amended from time to time, by ways of special resolution of a General Assembly” to section 5(c) of the MNO Bylaws.

For ease of reference and review, the new section 5 of the MNO Bylaws would read as follows:

“5. A person is entitled to be registered as a citizen of MNO who:
   a) provides sufficient documentation that he or she is Métis within the meaning of 4(a) as set out in the MNO Registry Policy, as may be amended from time to time, by way of special resolution of a General Assembly;
   b) is not enrolled on any other Aboriginal registry; and
   c) applied for admission as a citizen and has been approved based on meeting the requirements of the MNO Registry Policy, as may be amended from time to time, by way of special resolution of a General Assembly.”

Additionally, the Resolutions Committee has determined that the following Special Resolution cannot be brought forward to the 2017 AGA, as the Seconder is not present.

WHEREAS we, the MNO, benefit when we can retain a pool of staff with valuable corporate and cultural knowledge and experience;

WHEREAS we, the MNO, have reached a critical time in our history where knowledgeable, educated, experience and dedicated staff are necessary to push our MNO agenda forward while there is a window of opportunity provincially and federally;

WHEREAS the Policies and Procedures Manual does not currently afford collaborative input from the employees of the MNO.

THEREFORE BE IT RESOLVED THAT the MNO Policies and Procedures Manual be amended by adding the following new Section 8 at the end thereof:

POLICY:

The MNO is committed to ensuring that its relationship with its employees is governed by its founding principles of democracy, freedom, fairness, equality, generosity and justice, while also recognizing that certain employment standards and procedures are mandated by law. To this end, the MNO will establish an Employee Relationship Advisory Circle with the primary goals of improving the relationship between the MNO and its employees and facilitating and enhancing employee input on human resource matters and policies. The Employee Relationship Advisory Circle will establish its own terms of reference, provided that such terms of reference will be governed by the following principles:
1. The Advisory Circle will be comprised of an equal number of members from each of the employee group and the management group. The employee group representatives will be appointed by the MNO employees and the management representatives will be appointed by the MNO Secretariat.

2. The Advisory Circle will meet at least quarterly to discuss and make recommendations regarding human resources policies and matters, and ways to improve and maintain a positive relationship between the MNO and its employees.

4. The Advisory Circle will make recommendations to the MNO only. No recommendation shall be binding on the MNO."

In conclusion, the Resolutions Committee has determined that no Special Resolutions will be considered at the 2017 AGA.

15. MOVING THE MÉTIS RIGHTS AGENDA FORWARD
15.1 Métis Rights Update for 2016/17

Jason Madden, Pape Salter Teillet LLP, led the review of a presentation titled “Update on Métis Rights Issues” and highlighted:

- Series of Supreme Court of Canada decisions have provided the foundation of Métis law as it currently exists:
  - Powley (2003)
  - Manitoba Métis Federation (MMF) (2013)
  - Daniels (2016)
- The Métis Nation is moving from the courtroom, to negotiation, to reconciliation
- The principle upon which Métis rights are founded is that Métis communities were born of the land prior to Canada becoming Canada in the Northwest, with existing rights and its own distinct identity, language, cultures and traditions
- Need to recognize the colonial biases embedded in the “educational” maps and that the Indigenous perspective is often missing
- MNO Statement of Prime Purpose
- Facts and evidence that contributed to the Supreme Court of Canada’s decision on the Powley case
- MNO Métis rights will be based on:
  - Identification of historic Métis communities
  - Determination of those individuals who have Métis rights under s.35
- Independent Review of Harvester Card system:
  - 2004 MNO – Ministry of Natural Resources (MNR) Harvesting Agreement using Powley as a test case
  - An independent review of the Harvester Card system was a condition of eliminating the maximum of 1,250 Harvester Cards issued per year
  - Steps and timeline of the Independent Review
- Identification of Historic Métis Communities:
  - Examples of facts and evidence of historic Métis communities
  - Six newly identified Historic Métis Communities will be announced by the MNO and Province of Ontario on August 21, 2017, which will eliminate the need to
bring a legal action similar to that which was required to recognize Sault Ste. Marie as an Historic Métis Community:

- Rainy River/Lake of the Woods/Treaty 3 Historic Métis Community
- Northern Lake Superior Historic Métis Community
- Killarney and Environs Historic Métis Community
- Georgian Bay and Environs Historic Métis Community
- Abitibi Inland Historic Métis Community
- Mattawa/Ottawa River and Environs Historic Métis Community

- Ontario has committed to adding or expanding historic Métis communities as future research is completed

  - Will simplify the requirement for genealogical evidence to establish MNO citizenship
  - Kinship connections between root ancestor families
  - Identification of over 400 Métis Root Ancestors and over 5,000 Root Ancestor Descendants
  - 100 Verified Métis Family Line Packages will be released in Phase 1 to support the Independent Review of the Harvester Card System
  - MNO Registry will continue to produce more Verified Métis Family Line Packages using the template that has been created.

Discussion
Following the presentation, the following questions/comments (Q/C) were raised and responses (R) were provided, where appropriate:

Q/C: There will be overlap of Métis and First Nations communities as more research is done on historic Métis communities. How should the Métis respond to the potential negative reaction from First Nations with respect to Métis claims?

R: Métis and First Nation rights can “co-exist” and this is a better term than “overlap”. Education on the credibility of the Métis claims will alleviate some of the negative comments. Discussion between the Métis Nation and First Nations, as well as between the Métis Nation and the Crown, is an important part of reconciliation.

Q/C: The MNO is leading the way. How do we encourage the rest of the Métis Nation Governing Members to do the same kind of research that the MNO has done?

R: This is a political, rather a legal, question. The MNO has been required to undertake this research because the scrip records that are available in the Prairie Provinces are not available in Ontario.

Q/C: Where do we send information that we have to update the charts on kinship connections and family members?

R: Additional information can be sent to the MNO Registry to populate the database.
Q/C: There are overlapping surnames of Métis and First Nation families. How will this be resolved?

R: Some parts of the family trees may have become a part of First Nations or been registered in the Indian Registry. This is a reality, but it does not negate the history of the family. From the MNO’s perspective, an individual must self-identify as Métis and demonstrate ancestral and community connection to claim Métis s.35 rights.

Recess
The 2017 AGA recessed at 9:55 a.m. and reconvened at 10:15 a.m.

15.2 Federal and Provincial Rights Initiatives
Mr. Madden led the review of a presentation titled “Exploring Discussion on Advancing Reconciliation” and highlighted:

- Historic context:
  - Treaties 1 through 11 negotiated between Canada and Indigenous peoples to expand Canada to the Northwest
  - Scrip to “extinguish” Métis title to land in the Prairie Provinces
  - The Métis are included in some of the modern treaties
  - Modern treaties are still under negotiation and the modern map of Canada is being redrawn to include Indigenous boundaries
  - Constitution Act, 1982, provided the right for the Métis Nation to launch constitutional challenges, rather than the commencement of negotiations as was expected

- Foundation for the right to negotiate Métis s.35 rights:
  - Harvester rights (Powley)
  - Métis claims against the Crown (MMF):
    - MMF has set out a framework that other Métis Nation Governing Members can utilize as a template for negotiations
  - S.35 rights recognition (Daniels)

- Recommendation 9 in MSR Isaac’s report titled “A Matter of National and Constitutional Import: Report of the Minister’s Special Representative on Reconciliation with Métis: Section 35 Métis Rights and the Manitoba Métis Federation Decision” that Canada specifically address Métis s.35 rights

- MNO – Canada Memorandum of Understanding on Advancing Reconciliation for exploratory discussions was negotiated in February 2017:
  - Optimism that a Framework Agreement for Advancing Reconciliation (Framework Agreement) will be reached by the end of September 2017
  - Expectation that the Province of Ontario will be part of the Framework Agreement

- MNO goal to be recognized as a government:
  - United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP) Article 4 regarding self-government
  - Need for MNO to develop a Constitution to replace the current bylaws of the Métis Nation of Ontario Secretariat, which are appropriate for corporations, but not for governments.
Discussion
Following the presentation, the following questions/comments (Q/C) were raised and responses (R) were provided, where appropriate:

Q/C: Request for Framework Agreement negotiation charts.
R: The Framework Agreement is still under negotiation and will be made public once it is finalized.

Q/C: How will the issue of mobility be addressed?
R: This is a key issue for many Métis citizens. This will need to be addressed when the recognition of the historic and modern day Métis communities has been established. The family lines identified through the Root Ancestors research have the right to apply for multiple harvester territories, as the research has shown that the Métis were mobile.

Q/C: We appreciate the value that you bring to the MNO.
Q/C: There is also an issue of mobility with respect to obtaining citizenship between Métis Nation Governing Members. Citizenship cards should be issued to those who were born in Ontario and who have moved to a different province.
R: Residency should not be a requirement of citizenship and I do not understand the rationale. The MMF recently removed the residency requirements from their bylaws and the MNO should consider a similar amendment to its bylaws.

MNO should begin a discussion with the Métis Nation and its Governing Members because they are accustomed to utilizing scrip records to demonstrate genealogy. There is a bias embedded because scrip was not issued in Ontario. The Root Ancestry research will help to address this issue and provide acceptable records for registration as a citizen.

Q/C: Kenora Métis who were born in Manitoba should be able to register as MNO citizens.
R: The mobility issue between the Kenora Métis and the MMF must be dealt with in the future. The provincial boundary is irrelevant to how Métis lived historically and live today.

Q/C: When we met in Sudbury in the spring 2017, one MNR representative expressed support for issuing a Harvester Card to a resident from another area.
R: Mobility between communities is acceptable in the First Nations realm and should also be in the Métis realm. The MNO needs to update its policies regarding community acceptance.

Q/C: The issue of mobility is important to Métis veterans.
R: The current MNO bylaws have a residency requirement. The MNO should consider removing this requirement.

Q/C: Do you expect that some of the MNO citizenship issues will require resolution as part of the negotiation with the Federal Government?

R: It is premature to have those discussions. The MNO will need to deal with citizenship issues at it moves from a not-for-profit to a self-government world. The documentation to support citizenship applications will become easier as the research is continued.

Q/C: Will there be a time where I will have to demonstrate connection with an Historic Métis Community to retain citizenship in the MNO.

R: No, this is mainly to provide documentation for those Ontario Métis citizens who cannot provide scrip records.

Q/C: Would I be able to apply for a Harvester Card in the area in which I currently reside?

R: This is possible, depending upon the individual family line and the connection to Ancestral Root families.

Q/C: With self-government comes self-regulation. The MNO will need to develop regulations on the harvesting of moose as they are being depleted.

R: The tradition of the Métis ancestors is the protection of the land, water and resources. The MNO will need to govern on this issue and determine how to enforce regulations. The mobility of harvesting rights should require the approval of the community.

Q/C: Can the designated area on my Harvester Card be changed to another?

R: The current MNO approach is that one area can be exchanged for another but a citizen can only have one harvesting area at a time. This will have to be reviewed as shared harvesting territories are established through future research.

Discussion
Following the presentation, the following questions/comments (Q/C) were raised and responses (R) were provided, where appropriate:

Q/C: What is the process for identifying the new regional positions on the MNOWC?

R: A call will be made to Regions 1, 2, 3, 4, 5 and 7 for representatives to fill the interim vacancies until the next PCMNO elections are held in 2020.

Q/C: Will they be elected positions in the future?

R: Yes, and MNOWC members will be permitted to hold two elected positions concurrently because the MNOWC is excluded from the Electoral Code.

WHEREAS the 2017 Métis Nation of Ontario (MNO) Canoe Expedition has officially come to a close at the MNO Annual General Assembly in Kenora;
WHEREAS the MNO Canoe Expedition has in recent years become a semi-annual tradition for Métis citizens and communities across Ontario;

WHEREAS the Canoe Expedition serves as an incredible way to connect our Métis communities across Ontario and educate both Métis and non-Métis individuals about the rich traditions, culture and historical significance of the Métis in Ontario and Canada;

WHEREAS the Canoe Expedition additionally provides a once-in-a-lifetime opportunity for Métis youth to reconnect with their culture and history and retrace the footsteps and paddle strokes of their ancestors;

WHEREAS the alignment of the 2017 MNO Canoe Expedition with the celebration of Canada 150 and Ontario 150 allowed the MNO to purchase a large amount of Expedition equipment, including but not limited to: two voyageur canoes, a canoe trailer, a number of tents, outdoor stoves and cooking appliances, sleeping bags, paddles, boat safety equipment and technology, dry bags and storage equipment and a cargo trailer for storage;

WHEREAS this equipment can be better utilized by the MNO each year, in order to provide the cultural experience facilitated by the Canoe Expedition to a greater number of Métis youth; and

- Suggestion to include support to two-spirited Métis youth due to the high prevalence of two-spirited youth in the Métis population
- Need for caution regarding those eligible in participating in the training as it places a burden on the youth, a responsibility that all youth may not be prepared to undertake, to support their peers in a crisis

- Suggestion that the youth focus initially on first aid training
- Suggestion that the youth mental health training be provided access to the MNO Health and Wellness Branch staff and programs

- Whether the Federal Government would be the appropriate body to which a request should be made to place a monument in Ottawa
- Recommendation that the MNO be responsible for developing and establishing the monuments
- Suggestion that the removal of monuments would be seen as an attempt to rewrite history:
  - There are many ways in which monuments can be corrected or repurposed without being removed
o Concern regarding the issues that may be identified by non-Métis people if existing monuments are removed
o Other monuments in Ontario have been removed as they recognized inappropriate historic policies.

It was MOVED (Benny Michaud) and SECONDED (Iain Best)

WHEREAS the Métis Nation of Ontario (MNO) currently organizes and participates in Louis Riel Day ceremonies at a memorial to soldiers of the Wolseley Expedition;

WHEREAS soldiers of the Wolseley Expedition had the express intent of enforcing the removal of Métis from our traditional territories and homesteads;

WHEREAS the removal of Métis from our traditional territories has led to the fracturing of Métis families and communities;

WHEREAS the result of this was that Métis people across the Homeland were labeled as traitors and for generations felt the need to hide their Métis culture and heritage;

WHEREAS our ancestors fought and died to preserve and maintain our distinct Métis culture, traditions and way of life;

The Mover, Mitchell Case, read aloud the Resolution.

Discussion ensued on:
- The Province of Ontario has recently expressed support for the development of Indigenous educational institutions
