
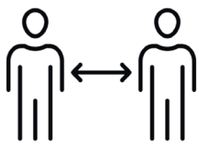
HARVESTING DURING COVID-19

COVID-19 has seen many public health measures put into place in an effort to protect the health and wellbeing of the public. This pamphlet provides information and recommendations to MNO harvesters to help them stay safe and prevent the spread of COVID-19.



DISTANCING

Always keep a distance of at least 2 arms-lengths (approximately 2 metres) from anyone not from your household.

SMALL GROUPS

Limit group sizes to five or less.

LOCAL HEALTH RESTRICTIONS

Some townships, municipalities, cities and conservation authorities have made restrictions/closures to some of the facilities they oversee in the interest of public safety.

FIRE BAN

The province has declared Ontario's entire legislated fire region a Restricted Fire Zone.

KEEP SAFE

Take extra care to exercise all possible safety measures when harvesting.

CAMPING

MNO Métis harvesters that have a valid harvester card can camp on Crown Land in their traditional territory in order to exercise their Métis right to harvest.

The MNO wishes you a safe and successful harvest. If you have questions about harvesting, please contact your regional Captain of the Hunt.
