Infinite Reach is a Métis Nation of Ontario (MNO) program that increases recruitment and retention of Métis post-secondary students. We are currently seeking motivated and enthusiastic upper-year Métis post-secondary students to act as facilitators at universities and colleges throughout the province for the academic 2020-2021 year.

If you or someone you know is interested in becoming an Infinite Reach Facilitator please provide them with our invitation to apply. The applicant must be a citizen of the MNO or a Métis National Council provincial governing member which includes the Métis Manitoba Federation, Métis Nation-Saskatchewan, Métis Nation of Alberta, or the Métis Nation of British Columbia. The applicant may have a citizenship application in progress with the MNO registry (or a MNC governing member), in which case continuance in the program will require a favourable Registry assessment of the application.

More information and the online application is available at: https://metisnation.smapply.io/prog/infinite_reach

If you know a Métis student who will be attending their first year of post-secondary studies in September 2020, please have them contact us to be connected with Infinite Reach Facilitators at their school.

Together with our post-secondary partners throughout the province, the Infinite Reach: Métis Student Solidarity Network supports student success and provides a sense of community for Métis students as they work towards accomplishing their academic pursuits.

If you have any questions regarding this program please do not hesitate to contact us!
