ABOUT

The MNO Early Learning and Child Care program has virtual and in-person experiences on offer to Métis families. MNO Métis Early Learning Camps (virtual and in-person) and other social events are an opportunity for families and their children to participate in hands-on, play-based activities while learning about Métis culture and way-of-life.

CAMPS

The MNO Métis Early Learning Camps are offered to Métis early learners between three (3) and twelve (12) years of age, their siblings, and parents/guardians.

Families will participate in cultural activities, learn from knowledge holders, and explore land-based learning at in-person and virtual camps. Early learners will engage in interactive, hands-on play in guided and self-guided activities.

Métis Early Learning Camps are offered virtually and in-person throughout the year. In-person camps run seasonally in the Fall, Winter, and Spring.

VIRTUAL FAMILY SOCIALS

Family Social events are available virtually to allow families to engage with early learning content, learn about Métis culture and way-of-life, and connect with families across Ontario.

Virtual social events are available for Métis early learners between zero (0) years and twelve (12) years and their families. Each event focusses on a different theme.

Family Socials run throughout the year on Saturdays from 1-3 PM EST.
