EARLY LEARNING AND CHILD CARE

What are the Changes for the 2026 program?

- Families only require one week of child care/camp to access the program.
- Half-day camps (i.e. camps that are less than 3.5 hours) do not qualify for the program.
 - Half-day camps can be submitted to the 2026-27 Extra-Curricular Reimbursement Program for families who were approved through the OneApp.
- Summer day camps can only be submitted to the summer subsidy program.

General Program Questions

Why did you create a Summer Child Care Subsidy Program?

- The stipend and subsidy programs have wait lists, which creates a barrier for families who only require child care for the summer months.
- Many families have used the extracurricular program to cover child care or camp costs. These are child care costs, not extracurricular activity costs.
- By supporting families with a specific summer child care program, families who access the Extra-Curricular Reimbursement Program can use that funding for other learning opportunities and skills-building activities.

Why are there restrictions on camp/ child care?

- The ELCC team has always encouraged families to access quality child care programs for children.
- The approved camps and child care historically provide high-quality child care or recreational opportunities.
- The list of approved child care and camps is expansive and includes child care and camp options available in most communities.
- The funding terms and conditions do not allow the team to support education activities (such as tutoring).
- Families have access to programs such as the Child Care Stipend Program (for child care by an individual caregiver) or the Extra-Curricular Reimbursement Program (for overnight camp or half-day camps).

Is there a waitlist for the Summer Subsidy Program?

- There is no waitlist for the Summer Subsidy Program. For the summer 2026 program, all families who meet the qualifications will receive a subsidy.

I cannot afford the upfront cost of the camp or child care. Can MNO support me?

- If there are financial barriers, the MNO will work with the family and camp or child care for payment on a case-by-case basis.
 - The ELCC team will try to work with the child care or camp to pay its portion directly, but it cannot guarantee this. It is suggested that families have multiple child care or camp options available.

EARLY LEARNING AND CHILD CARE

- Families can identify that they require support at the time of application. If a situation changes, families should reach out as soon as possible.
- Please indicate on the application that you are requesting support, and ELCC Family Supports staff will reach out for more information.

My camp payments are not scheduled until later in the summer. How will I be reimbursed?

- You will be able to submit receipts through the application portal. ELCC staff will provide instructions on the process once you are approved.
- Receipts should show:
 - Full details of the camp/child care, including name and phone number
 - Date of payment (including year)
 - Details of the program and/or child's name
 - Full details of the payment, including taxes (if applicable) and other fees
 - Payment is complete (future/scheduled payment dates cannot be reimbursed)
- All receipts must be submitted by October 3, 2026. Receipts submitted after this date **will not be** reimbursed.

I paid for camp in January-March 2026 and submitted it to the extracurricular program. It was reimbursed. May I request that the camp be considered for the Summer Child Care Subsidy Program?

- No, we are unable to move receipts between programs.

What dates are eligible for the program?

- Only child care or camps that take place between June 22 and September 4, 2026, are eligible
- If your school or school board has an alternate summer holiday schedule, please make note of it in your application. The team may request a copy of the school calendar.

Due to my work schedule, I must pay additional fees for before or aftercare. Are these eligible?

- Before and aftercare costs included on receipts will be reimbursed according to the subsidy rate.

I work shift work, alternating days and times. I only need child care three days in some weeks- can I use this program?

- Please reach out to the ELCC team to discuss your family's specific needs.

I only need camp for weeks that include holidays (i.e. Canada Day and the August long weekend/Civic Holiday). Are these considered a full week, even though it's only four days?

- Yes, as long as you access the camp/child care for the entirety of the week that the camp/child care is running.

I relied on the extracurricular program to support my summer childcare needs in previous years. Why can I no longer submit summer camp through the Extra-Curricular Program to receive a higher reimbursement?

- The Early Learning and Child Care programs offered through the MNO are funded by the federal government through the Indigenous Early Learning and Child Care Secretariat.

MÉTIS NATION OF ONTARIO

EARLY LEARNING AND CHILD CARE

- One of the core directives of this funding is to improve access to child care for Métis children.
- Many families face barriers in accessing safe, affordable, quality child care in the summer months.
- This program ensures families have access to summer child care programs and have access to the extra curricular program.
- The Extra-Curricular Reimbursement Program supports families to access opportunities and activities that enhance Métis children's physical, mental, and social well-being, outside a formal child care environment.

Program Eligibility

How do I qualify for the Child Care Summer Subsidy Program?

- A parent, guardian, or child must be an MNO citizen.
- The MNO citizen is eligible for the Direct Benefit Programs and Services Policy: [MNO Policy#2021-001: Eligibility for Direct Benefit Programs and Services](#)
- The child must have completed Junior Kindergarten-Grade 6 by June 2026.
- Applicants must reside permanently in Ontario.
- The child care or camp must take place in Ontario.

I am an MNO citizen and have a kinship with my grandchildren/family. Can we access this program?

- Yes, you can apply for this program for your grandchildren if you have a kinship and are an MNO citizen.
- We require supporting documentation to confirm kinship.

My child attends a private school. Can they access this program?

- The program does not support the cost of private school during the summer.
- It will cover the cost of camps the school operates, but educational programs will not be supported.

My child attends an educational program (e.g., tutoring, summer school). Can the program cover these fees?

- No, the team cannot support primarily educational programs through the Summer Subsidy Program, including tutoring and summer school.

My child is attending Junior Kindergarten in September 2026. Can they participate in the Summer Child Care Program?

- Families with non-school-age children have other funding options and do not require the temporary nature of summer child care.
- Many summer child care day camp options are limited to school-age children.
- Families with under four can access the subsidy program.

MÉTIS NATION OF ONTARIO

EARLY LEARNING AND CHILD CARE

- Children under six can access Canada-Wide Early Learning Child Care funding, which reduces licensed child care costs.

I require childcare options for other school holidays (such as PD days, March Break, or Christmas). Can I apply to this program to support those times?

- This program is currently only for summer child care due to the length of time child care is required.

My school-age child accesses the subsidy program during the school year. Do I need to reapply?

- If your children access the subsidy program during the school year, you do NOT need to apply to the summer program.
- If the child care is open during the summer, no further action is required, and there will be no changes to how you receive the subsidy.
- If the child care closes during the summer, or if your child attends a day camp in addition to their regular child care, please reach out for more information on how you may qualify for a subsidy for the summer camp.
- MNO will not subsidize or reimburse child care and camp that occur at the same time through any of its programs.

My child does not access the subsidy program during the school year, but one or more of their siblings do. Which program do I apply to?

- If your child does not access the subsidy program during the school year, you need to apply to the summer subsidy program.

We access the stipend program. My child is attending camp this summer as well- can they remain in the stipend program?

- If your child is in a formal child care setting, including summer camp, you are required to apply to the Summer Subsidy Program.
- You can not receive a stipend and summer camp subsidy on the same days.
- You can receive the before/after stipend for the days your children attend camp, and you require extended care. Documentation is a subsidy.
- Summer subsidy funding must be disclosed in the bi-monthly check-in. Failure to disclose may result in being removed from both programs.
