

Supporting Quality Early Learning

The Métis Early Learning and Child Care **Quality in Practice Training Program** brings together resources, books, activities, and educator supports developed by the Métis Nation of Ontario.

This program is designed to help early years professionals respectfully and confidently incorporate Ontario Métis perspectives, cultures, languages and ways of knowing into everyday practice.

Through our online learning modules, reflective tool, and resource kit, educators will build safe, culturally grounded, and successful child care environments for Métis children aged 0-6.

We Want To Offer Your Centre Free Métis ELCC Resources

The Métis Nation of Ontario (MNO) Education and Training Branch will soon distribute Early Learning and Child Care Quality Improvement Project (QIP) materials to **selected child care centres** throughout Ontario.

Your centre is receiving this invitation because of an existing relationship with MNO, previous involvement in MNO Early Learning and Child Care initiatives, or its identification as a potential new partner as MNO broadens participation in this work across Ontario.

We value both our existing relationships and the opportunity to build new ones. Through this initiative, we hope to support your centre's ongoing learning and help Métis children see their identities and cultures meaningfully reflected in early learning environments.

These materials are available at **NO COST** to you.

Quality in Practice Resource Kit

The QIP materials were created to assist educators, leaders, and administrators in reflecting on and strengthening Ontario Métis cultural inclusion in everyday early years practice.

This kit will include:

- The Métis Like Me and Ways to Carry a Métis Baby Story Bags
- Métis stories and early readers
- Trilingual language resources
- Hands-on materials supporting land-based exploration, fine-motor, storytelling, and dramatic play
- Our QIP Reflective Workbook

To let us know if your centre would like to receive the materials, please scan the QR code below and complete the short form.

The Form Will Ask For

- Your centre name;
- Contact person;
- Shipping address;
- Preferred contact information;
- Whether your centre is interested in receiving the materials;
- Whether your centre may be interested in future feedback or follow-up opportunities.

Sharing feedback or taking part in future follow-up is completely optional.

Privacy Notice

MNO will use the information you submit to assess demand, plan distribution, and coordinate delivery. If you opt in, MNO may also contact your centre about future QIP feedback or follow-up opportunities. We may share limited shipping information with Wintergreen Learning Materials and its delivery provider to deliver confirmed kits. Your information will **not** be sold or used for unrelated purposes.
